Dear member

Do you want to...

Get involved?

Make a difference?

Be pro-active?

Have your say?

Well now's your chance!

We would like to hear of case studies/good news stories which show the business benefits of good health and safety management.

This is an ideal opportunity for you to share your case studies and good news stories with IIRSM members through the newsletter and website. We are particularly looking for **examples** which can be used to **influence** employers, investors and insurers to support good health and safety management.

Use the form overleaf, or send an e-mail to info@iirsm.org telling us of instances where good health and safety management has succeeded in benefiting your organisation.

We look forward to hearing from you.

Yours sincerely

Julie Silvester
General Manager, IIRSM

P.T.O.

Case Study / Good News Story

(please use block capitals)

Some background about yourself and your organisation:

--

A brief description of the accident/incident or opportunity for improvement:

(ie. was it an individual incident or organisational failure, how costly and time consuming was it?)

--

A summary of the management or technical measures that were missing:

--

What were the solutions (and did some solutions work better than others?)

--

What benefits have been gained? (i.e. financial, cultural, legal and/or business benefits)

--

Your Name:.....

E-mail address:.....

Membership No.....

Telephone no:.....

Thank you.
